

SIIE 2020 Call for Papers

Asociación para el Desarrollo de la Informática Educativa
(ADIE)

November 9-13th, 2020

The **22th International Symposium on Computers in Education (SIIE)** will be held in a virtual format, from **9th to 13th November 2020** (<https://siie2020.adie.es/>).

The SIIE is an international forum for presenting, discussing and reflecting on research, development and practices in the field of Information and Communications Technology (ICT) in Education.

The previous editions were held alternately between Spain and Portugal, providing a space for researchers, educators and institutional representatives to exchange and debate ideas. SIIE has become a reference, particularly in the Ibero-American context. **In this edition, considering the extraordinary situation due to the covid-19 outbreak, the conference will be held as a virtual presentations event.**
